## ABOUT THE BAND

Stillwater is a Topeka-based acoustic duo that punches well above its weight. Joe handles lead vocals, acoustic guitar, keys, and a live foot-bass rig that drives the low end the way a full bassist would. David plays drums, shakers, bells, and multiple percussion instruments simultaneously - a true one-man rhythm section. Together they fill a room the way a four-piece band does: tight grooves, real dynamics, and the kind of energy that keeps people on the dance floor and coming back to the bar.
